WEATHER PROBABILITIES. - War Department, Office of the Chief Signal Officer, Washbigtor, D. C., April 7, 1877-10:30 a. m.-For the Middle States, clear or fair weather continue during the day, with northerly winds, rising baremeter, followed during the night by winds shifting to northeast and southeast, increased cloudiness, falling barometer and slight changes in temperature.

Gazette went to press, last evening, Mr. Clifford, Superintendent of Police, was again arrested by Officer Lyles, and locked up in the station house, where he was detained for some time, but was finally released, Aldermen Janney and Strauss becoming sureties for his appearance at eleven o'clock this morning. Mr. Thomas Hayes was also arrested, for the third time, and likewise bailed until this morning. This morning at the time fixed the Mayor deeided to postpone the case until eleven o'clock on Monday morning, and warned Mr. Clifford that if he attempted in any manner to interfere with the duties of Superintendent of Police be would be again arrested. Mr. Clifford protested against a postponement of the hearing, and said that he should feel bound to go on with his duties. He said that it was very aunoring to him, being dragged through the streets three or four tieres a day, and he would like a speedy settlement of the troubles. The Mayor replied that he had nothing to do with the in-

Mr. Lucas, City Sergeant, was also summoned before the Mayor, and questioned regarding the chain gang. Mr. Lucas said that he only wanted to be made safe as to his reeponsibility for the prisoners, and had been delivering them to Mr. Dillon, who was a regularly bonded officer. Mr. Elmund Burke, who was present, claimed that he, as Commonwealth's Attorney for the county, had a right to control and direct the prisoners sent to the chain gang from the county, and directed them to be turned over to the Mayor. The Mayor said that he had a letter from Judge Sangster turning the prisoners over to him. He further said that he would send a policeman to take charge of the gang and work them this after-Mr. Lucas agreed to deliver them to the policeman provided a proper receipt was giveo. In this connection it may be stated that Mr. Dillon, captain of the chain gang, declined working under Mr. Bartle, the Mayor's appointee, and was appointed to his old position by Mr. Clifford. Mr. Warder was ap-

pointee, with a written order from the Mayor and accompanied by Officer Walker, called at the jail and demanded the chain gang. Sergeant Lucas, after examining the law, refused to deliver the gang, except to a regularly bonded officer, approved by the City Council. As the Mayer cannot arrest the Sergeant, this will by the said resolutions. probably settle the question of the chain gang and result in keeping them in jail. Mr. Bartle took the pay roll of the street hands, employed by him, to Mr. O'Neal, Chairman of the Committee on Streets, this afternoon, and that gentleman refused to append his signature, without which no money can be drawn for

the four members of the Committee on Streets, and a check issued therefor by the Auditor, which will, however, have to receive the signature of the Mayor.

At a late hour this evening Mr. Clifford's

Pinkney, a colored man who worked for them, were arrested and recognized to appear at the Mayor's office at 6 o'clock to-night.

[SPECIAL DISPATCHES TO THE GAZETTE.]

VIRGINIA MATTERS.

From Washington. WASHINGTON, April 7-12 m.

The policy of the President, that at the expiratico, of each term of service, the office shall be considered as so far vacant that a change for or without cause shall be allowable, put into the catalogue of things which may be changed; the postoffices at Norfolk, Richmond, Petersburg, and Lynchburg. Within the present week the papers in relation to these | dead. offices have all been arranged, sifted, briefed and pigeon-holed, until they are called for. But the matter has been expedited thus far; that, heretofore, several days would have been needed before any change could be made; now an hour or so will be all that is required for a review of the briefed papers by the President, a decision in favor of some one or other of the candidates, and an appointment. Now all must needs be on the qui vive.

NOUS VERRONS. There has been to day almost a dies non in the political world of Washington. In fact the entire attitude of all parties, factions and eliques here now is one of expectation. The watch-word of everybody is to "wait." Of course, whi'e this is nice for the "ins," the "outs," to when waiting has been the occupation of years, are by no means satisfied with it,

SOUTH CAROLINA.

The improved condition of affairs in South Carolina is evidenced by the fact that several shrewd capitalists here are preparing to make investments in that State.

THE SPEAKERSHIP.

Gen. Gatfield has formally announced himself as a candidate for Speaker of the next House, and is here earnestly working to secure the republican nomination. Representative Foster is said to have written to Gen. Garfield declining to be a candidate and announcing that he will support that gentleman. The President has given no intimation as to when he will issue a proclamation convening Congress, and the impression prevails that he will not do so until the Louisiana commission shall make their report.

MISCELLANEOUS.

The widow of ex-President Tyler, who has been in Georgetown for sometime, has returned to her residence on the James river, on ac-

count of ill health. It is said here among the gossips that one of Slope, during last session, lost, at eards, upwards of \$200,000, and that one of his colleagues was ed so long. "V. A. MENARD." the gainer to a very considerable extent out of this large sum.

A fair is in progress here for the benefit of the Convent of Visitation. Among those in-terested and presiding at tables are Mrs. Barbour, Mrs. Berrett and Mrs. Key.

Foster will not be a candidate for Speaker under any circumstances, so he writes, and-so he won't.

Grant don't want to "go out" altogether like a candle, and so it is reported that a "movement is on foot in favor of his nomination as Hayes' successor. 'It's only a "report" and nothing more.

It is now said that Geo. Sherman will not move army headquarters back to St. Louis, President and the General.

The virtual recognition of the Hampton government in South Carolina disposes of Corbin's claim to a seat in the U. S. Senate, and "illuminates" Gen. Butler's chances, but in case he should be custed it is said Robertson desires to be returned.

Maj. C. C. Suiffen, late private secretary of ex President Grant, has been presented with a a sword by some of his friends in that city. Why they should have given him a sword is not mentioned,

The political resolutions adopted by the Lynn Methodists are by no means palatable to the members of that Christian denomination hereabouts, who consider the Church scandalized

It seems now to be considered that instead of a split in the democratic party, in the next Cougress, the indications are that should any 'split' occur it will be among the republicans, and it is even said that some of the more mod derate of the latter party will act with the democrats when such action will conduce to their personal interest.

Miss Beck, daughter of Senator Beck, of Kentucky, is to be married in Lexington, Ky., next week, to Maj. Goodloe, of the Marina

"It is whispered" in military circles that an emergency may arise just across the river, in Virginia, which may require the intervention of the military, in which case the troops recently here may be ordered to Alexandria to adjust the existing "imbrolio." Should the S. of P., d. j. be imprisoned it is probable a 'call' will be made.

Local Brevitles.

The steamer Virginia, of the Maryland ferry line, is being overhauled prior to placing her upon her old route to Opessum Hall. It is expected that she will resume her trips about the loth or 20th of the present month.

Peabody Hall was crowded last night, to hear the resding for the benefit of the Alexandria Library, by Prof. Henry Scharf. The reading was, as usual with Mr. Scharf, most excellent, and all present were highly pleased

Rev. W. C. Webb will deliver a series of lectures on Sunday evenings on the book of Jonab. The first lecture will be delivered tomorrow night, the subject being "Jonah's Call and Flight.'

Joseph Gibson, colored, of Charlottesville, Virginia, was stricken down with pleurisy yes-terday in Baltimore, and had to be conveyed to hospital, where he lies in a critical condition. Mr. James G. l'everell, of this city, has been appointed telegraph operator at Vienna, W. and

Complaint has been made that many persons who use Hunting Creek Bridge are in the habit of driving very fast ever that structure. The overseer has given notice that he will prosecute all persons driving at a faster rate than that allowed by law.

A horse, belonging to a colored man, was backed overboard at Smoot's wharf this morning and caused quite a commotion for a time. He was finally towed around to Fishtown and

A meeting of the liquor dealers, in opposition to the "Moffet whiskey bill," will be held at Harlow's Hall on Monday night. The liquor dealers of several of the others cities of the State have already held similar meetings. Receipts at the fish wharf to day were still

lighter than yesterday. They consisted of about 1,500 shad, which sold at from \$18 to \$10 per hundred; 12,000 herrings, which brought from \$13 to \$13.50 per thousands. The receipts of perch and rock were very small and the quality interior. The former sold at from 5 to 13 cents, and the latter from 25 to 20 cents per bunch

being an accessory, was also bailed. On Thursday the body of Miss Nettie Russ man, a respectable young lady, of Tiffin, Ohio, was found in the rivar, near that place, with marks of violence upon her person, which indicated that she had been murdered.
